SUMMARY

As a driven Bachelor of Science in Computer Science (BSCS) student with knowledge in technology and problem-solving, I am eager to contribute to real-world projects in a dynamic environment. My academic background has equipped me with analytical thinking and a growing understanding of data-driven solutions. Now, I'm looking to apply these skills in a collaborative, fast-paced setting where I can learn from industry professionals, support client-focused outcomes, and grow as a versatile and reliable person.
